

Gift Cards can be redeemed at any participating Best&Less store in Australia and at <http://www.bestandless.com.au>. You can select any number of items up to the value of the card, or above the value – in which case you need to make up the difference with an alternative form of payment. The store will then validate the card and process your purchase. The store is not obliged to accept the use of this card on a sale of under \$5. Gift Cards are partially redeemable. Within the card's validity period, any available balance can be used for multiple purchases at any participating store. However, any unused balance will not be refunded or credited on expiry. Cards have no value unless activated at the time of purchase. Best&Less Gift cards have 3 year expiry and full terms can be found here - <https://www.bestandless.com.au/gift-cards>
