

Okaïdi-Obaïbi is a universal, creative children's clothing brand that respects each child's identity. We offer all children the best designs and essential clothing items to meet their needs, reflect their personalities, and prepare them for the challenges of the future. Our garments are practical and ergonomic, adapting perfectly to everyday activities and fashion trends. The Okaïdi gift card can be used on the website okaidi.it and in all Okaïdi stores participating in the gift card program. The Okaïdi gift card can be used in one or several transactions (up to 3 times) and can be supplemented by another payment method (for a remaining balance of more than €1). The gift card is valid for one year from the date of activation. It cannot be exchanged, replaced, or credited to an account, and cannot be refunded, even partially, in case of loss, theft, damage, destruction, or expiration. Online: Use your card online at okaidi.it. Once your cart has been confirmed, select payment by gift card. Then enter the card number and PIN code and click on "Register gift card." The remaining balance will be calculated automatically. If necessary, you may complete the payment with a credit card. In store: Ask the cashier to scan your phone or printed page directly at checkout. You can then complete the payment with a credit card or in cash, if needed. customerservice@okaidi.com
