

To the extent offered by Babbel, you may purchase gift vouchers for the Services under an Order (“Gift Vouchers”). Gift Vouchers may only be redeemed for the purchase of Services and not for the purchase of other Gift Vouchers. Unless otherwise agreed, a Gift Voucher consists of an electronic voucher code, which will be delivered via email to the email address you provide. Unless otherwise agreed, Gift Vouchers are transferable. Subject to these Terms, you may use a Gift Voucher to pay for Paid Services under a corresponding Order by entering the voucher code upon completion of the Order. In order to redeem a Gift Voucher, you must enter the voucher code before completing the Order process. Babbel will not pay out the credit balance of any Gift Voucher in cash, and Gift Vouchers will not accrue interest.:
